The name for the single vineyard „Steinbühel“ derives from the stony soil („stein“ meaning stone, „bühel“ meaning hill). The site was first documented in 1322 as „Steinapeunt“, then „Steinbicjl“ and finally as „Steinbühel“. Beneath the soil there are very old crystalline rocks and also younger gravels from a former watercourse of the Danube river, giving an increased rock content in the generally silty soils, as well as a noticable carbonate content. The „Steinbühel“ is classified as 1^{ÖT} Erste Lage by the „Österreichische Traditionsweingüter“.

Soil composition: crystalline granulite rocks and gravel from the Danube

Age of vines: + 30 years

Vinification: handpicked selected grapes, soft pressing, spontaneous fermentation with the natural yeast (without any cultivated yeast) in stainless steel, settling in big wooden barrels (up to 10,000 l, NO oak taste) before bottling which allows the wine to clarify itself without filtration

Character: bright gold green, very welcoming peach nose, fine pineapple, backed minerality on the palate with distinct fruiting race and elegance, delicate citrus notes, well balanced, beautiful stone fruit on the finish (NO irrigation in the vineyard!)

Preservation: + 20 years

Serving temperature: to be served chilled at 8-10° C

Food suggestions: fish, white meat, salads, vegie dishes, antipasti
